## Warranty Coverage

Comfort Union Inc. warrants the installation and all covered parts and labour for a period of 14 years from the date of installation, provided the system is maintained in accordance with the manufacturer's guidelines.

A lifetime warranty applies to the heat exchanger and heat pump compressor for as long as the original purchaser owns the property where the equipment was installed.

## Conditions & Limitations

- A \$200 deductible applies per service claim.
- Regular annual maintenance by Comfort Union or an approved partner is required to keep this warranty valid.
- Regular maintenance helps detect small problems before they turn into major repairs — and keeps your warranty in good standing.
- Comfort Union's liability is limited to the repair or replacement of defective parts within the warranty period.
- No cash value or consequential damages implied or expressed.

---

This limited warranty certifies that the equipment installed by Comfort Union Inc. for the customer named above is protected under our official warranty program. Comfort Union's total liability under this warranty shall not exceed the cost of repair or replacement of the defective component. This certificate does not extend to failures caused by improper usage, unauthorized modifications, or external conditions beyond our control. All service calls under warranty must be booked directly through Comfort Union. Failure to maintain annual service will void this warranty.
